L. C. Lewis Says—

## Mill Fight More Than Local Issue

Entire County Has  
Stake in Result  
Of Referendum

County-wide protective zoning is at stake in the present referendum action begun by desert communities of Riverside county against ordinance 348-A through which three Riverside supervisors seek to create a decontrolled industrial zone at the gateway to the Coachella Valley, L. C. Lewis of Cathedral City, president of Desert Associates, declared today.

"If three Riverside city supervisors, whose homes enjoy the protection of city zoning, can lift all zoning protections from a 1700-acre area against the wishes of the people and thus welcome any or all of the smog-producing and water polluting industries, then no community in the county is safe, Riverside, Corona, Hemet or any other town may be next to feel the damaging blow from such an action. If the supervisors have this outlook toward zoning, and feel no obligation to protect the people when they have the chance to do so, then county-wide zoning will be dead.

"AND APPARENTLY the good work of the county planning commission cannot save a community from this damaging blight washed upon it by these three supervisors, for the commission has twice unanimously denounced the move to create the unrestricted zone as set up in ordinance No. 348-A.

"Many persons still have the belief that this fight is one between Palm Springs and S. A. Guiberson who wants to build a cement plant on this 1700-acre open territory. The issue far transcends this dispute.

"THE COUNTY-WIDE zoning law was adopted by the Riverside county board of supervisors last December to require more than 70 categories of heavy industry to prove to communities near which they might wish to settle, that the plants' operation would not pollute the air or water. Los Angeles smog and water pollution today result from plants established on unrestricted areas. That county found it necessary to adopt special pollution legislation to control these plants.

In choosing my career, it seems I made the wrong selection. This job is nothing but hard work. From it there's no deflection. Let's take a barkeep, now there's a job. To me it is perfection. When weary and in need of peace. He just says: "Closed—Election."

Now that the days are lazy, too, it is unanimous. . . . So I wear myself out thinking up soft jobs and being envious. . . . Now, consider the boys who flit from bottle to bottle pouring forth the concoctions, listening to every body's woes apparently interested. . . . In a city like Palm Springs where there are a lot of elections, they have plenty of time to cavort on the golf links. . . . Also consider the life of the gentlemen who are willing to believe that you are in error when you decide a certain horse will win. . . . They get a lot of days off, too. . . . Or to have a nice job tending the furnace of a hotel that's closed for the summer—in the month of August. . . . Seems there should be several tasks listed in the category of gainful occupation that entail less wear and tear on the system. . . . I get so tired of sitting down all day.

WISH PEOPLE would talk plainer. . . . Several times in the past few days, since Mrs. G took off for the east, I've been startled only to learn later that people were just calling me a bachelorette. . . . Looks like Charley Little of the FSP is about to make good on a promise made to me some time ago. . . . That was before benches were returned and Little said that if I was unsuccessful in getting them restored to our streets, he would send me an old Southern Pacific caboose. . . . Note today by the public prints that the FSP is now building 80 new style cabooses. . . . They'll have bay windows instead of the old familiar cupola on top. . . . With those 80 new ones maybe they can spare one of the old discarded models. . . . But I am only kidding. . . . Once I mentioned that Jay Rollman of the Santa Fe had given me three new time

ALL FOR GOOD CAUSE—Under direction of Earl Neel, local nursery man, Village gardeners donated their services to the Palm Springs cemetery association in making the spot one of beauty and tranquility. ## Tram Area Goal of 2-Day Ride in June

More than 50 persons from all parts of southern California, including officials of the Mt. San Jacinto Aerial Tramway Authority, will join a two-day horseback trip to the Tramway country and San Jacinto Peak on June 4 and 5.

The ride, which is open to both men and women, will be managed by Trav Rogers who is known for similar horseback trips here for many years. Inquiries concerning the ride should be addressed to Harry C. Harper, Postoffice Box "S" at Palm Springs. The number that can be accommodated will be limited to persons planning on joining the group should communicate at once to hold a place in the party.

RIDERS MAY FURNISH their own horse or the mounts will be provided at Idyllwild, according to plans made this week with Rogers.

Starting out from Idyllwild Saturday morning, June 4, the group will ride up the main Devil's Slide trail to Tahquitz Valley, Skunk Cabbage Meadow, Hidden Lake, Desert View and then to the upper terminus of the Tramway on the rim of Long Valley. Camp will be pitched the first night at Round Valley, two miles west of the Tramway terminal site.

Early Sunday morning the party will leave for the summit of San Jacinto Peak and return to Idyllwild via the Marion Mountain Trail.

UNUSUAL INTEREST is expected to be lent the trip by the business of start of work on the Tramway project. Chairman Earl Coffman of the Mt. San Jacinto Aerial Tramway, hopes that all members of the group who have not made the trip previously will join this ride. He will also make special efforts to have engineers and contractors who will be at work on the project, as members of the group.

## Flood Board To Consider Budget Plans

Estimate costs of flood control in Zone 6, Riverside County Flood District, will be principal item discussed tomorrow at 2 p. m. at the Fiesta House on the Desert Inn grounds when the budget for the 1949-50 fiscal year is set up.

Commissioners Culver, Nichols, chairman, Herbert Samson, secretary, W. R. Hillery will be in session to discuss proposed flood projects.

One of the main topics will be completion of the Barristo Wash project started last year but held up by rights-of-way difficulties which have now been settled.

Max Bookman, county flood district engineer, will be at the meeting to answer questions and explain projects.

Official Count Of Bond Vote Slated Tonight

There will be a special meeting of the city council tonight at council chambers to canvass the vote cast in last week's election at which the civic improvement bonds passed by better than a 4 to 1 vote.

According to City Clerk Louise McCann there will be other items of interest on the agenda for the session.

## Palm Springs Cemetery Converted Into Beauty Spot

Under active direction of Harold Lienau, chairman, Bill Leonasio, secretary, and Milt Hicks, trustees of Palm Springs cemetery association, Palm Springs cemetery, up against the mountains back of the golf course, will be a spot of peaceful beauty by Memorial Day.

Palm Springs gardeners with Earl Neel, nurseryman, supervising, have donated time and supplies to the cause and last week put in hours of strenuous labor to abet the work already done by the trustees, a lot of it personally, and the city's place of rest is taking on an appropriate air as a result.

Trustees of the association said that there are only 100 lots left at the present site and that a survey has been made of new sites and that a new cemetery would probably be in the making within the year.

First burial in the local cemetery was more than a half century ago.

Plans for the annual Memorial Day observance at the re-decorated and beautiful spot have not yet been completed.

THE SIX GROUPS are the Community hospital, Girl Scouts, Boy Scouts, Boys Club, Welfare and Friendly Aid and the Desert Museum. All groups are beneficiaries of the Community Chest whose budget the community did not raise this year, but no allocations will be made to the Chest, the money instead going directly from the Circus to the individual agencies.

The Circus directors also voted to appropriate from the year's revenue \$2000 to assist in next year's promotion through the events division being set up by Barney Hinkle and Frank Bogert.

The two directors outlined extensive plans for planning and conducting special events designed to attract more visitors here and keep them entertained.

CHAIRMAN TRAV ROGERS of the 1949 Circus reported that the gross revenue from the event topped \$50,000 for the first time in its history. This figure and the disclosure of the \$10,000 surplus, drew unstinted praise from the other directors who lauded the accomplishment as outstanding in the 13 years of Circus events.

Chairman Rogers said any credit for success of the 1949 show belongs to the volunteer chairmen of the eight events who sacrificed their time for weeks to plan the program.

Plans for next year's Circus were discussed and the executive committee was authorized to make an effort at once to obtain a general chairman, and also was instructed to work out an agreement with Harry Harper to again manage the show in 1950.

Local police will now use radio call letters KMA-380 on the station's local communication system, according to Police Chief August Kettmann. This will replace KQAS, former call letters at the station.

Rushing to a climax next Friday, Saturday and Sunday the California State convention of Amvets, with the local post as host, the three-day meeting in the Village will be featured with the largest attendance of members, Rudy Vallee as master of ceremonies at the Palm Springs Tennis Club Saturday night and the kick-off event Wednesday night when a local beauty will be selected at the Chi Chi to represent Palm Springs in the final judging.

Commander Jay Rollman announced yesterday that the largest registration of delegates and member-at-large has already been received. Headquarters of the convention will be held on the inner patio of the Del Tahquitz hotel.

RUDY VALLEE, acclaimed in Los Angeles newspapers as the "busiest man in town," will be on hand Saturday night as master of ceremonies. He is a charter member of the Palm Springs Post. On that night selection of Miss Amvet of 1949 will be made and the door of opportunity opened to her. A screen test by Sol Lesser on the lot of RKO is open to the winner, a Gruen wrist watch will be awarded to her and a color and sound screen test by Harrison Productions of Hollywood.

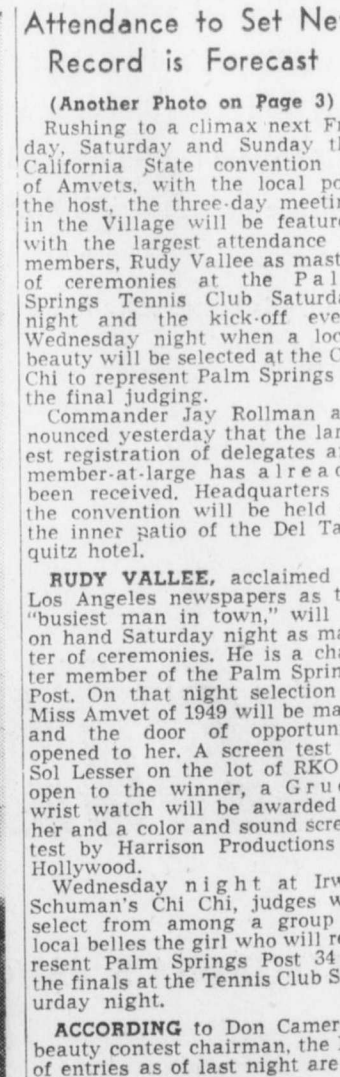

Wednesday night at Irwin Schuman's Chi Chi, judges will select from among a group of local belles the girl who will represent Palm Springs Post 34 in the finals at the Tennis Club Saturday night.

According to Don Cameron, beauty contest chairman, the list of entries as of last night are as follows:

## Six Agencies Benefit from Circus Fund

Directors Decide  
On Division of  
Estimated \$10,000

Six community agencies will share the bulk of an estimated \$10,000 revenue from the 1949 Desert Circus, board of directors of the Circus association decided at a meeting held Friday at the Desert Inn.

First disbursement of \$3500 to the six organizations was made and payment of the remainder will await a report from the executive committee which was empowered to investigate the comparative needs of the youth organizations. Final figures for the few days and a final distribution can be made after that time, the directors decided.

THE SIX GROUPS are the Community hospital, Girl Scouts, Boy Scouts, Boys Club, Welfare and Friendly Aid and the Desert Museum. All groups are beneficiaries of the Community Chest whose budget the community did not raise this year, but no allocations will be made to the Chest, the money instead going directly from the Circus to the individual agencies.

## City Plans Early Start on Civic Improvements Voted At Last Week's Election

With the passing at the election of the civic improvement bonds last week in the amount of \$950,000 covering a five-point program, word comes this week from City Manager William Alworth that work will be started whenever possible as soon as possible.

HELL WELCOME THEM—Bill Leonasio, president of Palm Springs Shrine club who will welcome visiting Nobles next Saturday.

## Village Prepares To Play Host to Shrine Caravan

(Photo on Page 2)

By a proclamation of Potentate George E. Sailor of the Ancient Arabic Nobles of the Mystic Shrine the Oasis of Palm Springs will be the scene of the spring pilgrimage to the Mecca of solemn ritual this coming Saturday, May 7.

Several thousands of Shriners are expected to overflow the Village during the week-end with nearly all the available rooms in town reserved for the pilgrims.

Main event will be a big parade along Palm Canyon drive at 1:00 p. m. followed by first and second section ceremonies after which there will be a "Bounteous Barbecue Moslem Style."

Reservations for rooms have been handled through the chamber of commerce office by Lloyd Simon, Ralph Weinstein and others with special telephone 2306.

According to those in charge of the operations, everything is in readiness for the visiting nobles and the town is expected to become a very lively place during their brief stay.

Head of the local hosts will be Bill Leonasio, president of the Palm Springs Shrine club, who will welcome the delegates on behalf of the city.

Hervey Takes Over at C. of C. Publicity Desk

James Hervey, formerly of MGM studios and press associations in the Los Angeles area, commenced his work at the local chamber of commerce yesterday as an assistant to William J. Dunkerley, chamber manager.

Hervey is scheduled to continue with Village publicity previously handled by Ted Sierke who left last week to go back to Catalina at the start of seasonal activities at that resort.

No Bids Entered For Street Trees

According to City Manager William Alworth, award of contract for palm tree planting from Alejo to Ramon road, as authorized for the park department by the city council recently, failed to become a reality due to the fact that no bids were entered as of Friday April 29, the closing date.

The manager said suitable disposition of the problem would be threshed out by the city council, probably tonight.

## New Bureau Functioning At Chamber

Put Frank Bogert  
In Charge of Plan  
At C. of C. Office

To consolidate the Village in its promotion of special events during the coming season an ambitious program is being inaugurated by the chamber of commerce starting today.

A Special Events bureau has been set up to form a working organization with office and sufficient personnel to perpetuate all the good events in the Palm Springs area during the coming season with a goal of 90 special events for the first three months of the fall season starting Oct. 1.

EVENTS CHAIRMAN Barney Hinkle announced yesterday that as of today Frank Bogert, co-worker on the committee, would be provided with office space in the chamber building and would be available for interviews with any individual or group planning fall events.

"The purpose of the organization," said Hinkle, "is to keep records of the successful events of the past and to plan for more in the future by developing a schedule of events for the full season, in the spring months, therefore having adequate time to prepare a printed calendar of events for distribution through the direct mail of the leading stores and hotels and other business organizations of the Village who circulate a preferred list each year."

HINKLE EXPLAINED that many fine events are put on in Palm Springs more or less on the spur of the moment and fall through lack of experience or money, thereby losing valuable publicity and direct business for the Village.

"A group or an individual may have a fine idea for a successful event," he continued, "but because of improper scheduling or conflicting dates with other events being staged, or through lack of proper publicity or lack of knowledge of local situations, it may fail."

"But with proper coordination and sound planning of publicity and staging of the event may become one of the outstanding features of the season and may attract hundreds of people to the Village for that particular event," he continued.

"FRANK BOGERT, who has been appointed promotional director of events, is starting today to discuss events with the various organizations in town for such special activities for the fall season, including equestrian, golf, tennis, swimming, fashion, aviation, arts and cultural, and other pursuits which will make attractive program for the visitors to the Village."

"Then during the summer a calendar of events will be printed in the form of an invitation to people to come to Palm Springs to see these events. This publicized calendar will be distributed at a downtown bar."

## The PUBLISHER'S Corner by OLIVER B. JAYNES

HUNDREDS OF RESIDENTS of Palm Springs and the surrounding Desert Area have already signed referendum petitions calling for a vote on the unrestricted (M-2) zone at the site of the proposed Whitewater cement plant. Desert Associates, a group which is assisting in circulating the petitions, has announced that it will likely be necessary to have 5000 names on the petitions to make sure that a sufficient number will be found in order when checked against the county register. The deadline on filing is May 18th so quick action is necessary. Every resident of the area who feels that this recreational and agricultural area should indicate their protest by signing one of the petitions. They are available in many places throughout the area.

THIS DISTRICT'S SUPERVISOR, Jim Easley, has fought the establishment of a cement plant in the area for almost a year now. It has placed him in a difficult position with some of his constituents but he has represented the wishes of an overwhelming majority of residents of the area. The strain carrying on this fight along with his numerous other duties has taxed his health. There were even rumors that he was going to resign. He is not. After a few weeks' rest, which the supervisors voted to give him last week, Supervisor Easley will be back again to represent this district on the board. He is entitled to the respect and gratitude of everyone in this area for his efforts. Let us hope that this much deserved rest will bring back his health.

AMONG NEEDED IMPROVEMENTS which Mr. Easley feels should be provided for this section of Riverside county is a County Administration building where residents could transact much of their business with the county without having to make the long trip to Riverside. There has been a growing need for such facilities but Mr. Easley is the only county official who has suggested that something be done about it. This is just another indication of his determination to see that the desert area gets all it is entitled to from the county government. It's good to have a supervisor who is really going to bat for us.

## Barbara's Band At Palm House

Pat Barbara and his band, long a favorite at local night spots, closed its popular engagement at Max Dresner's Del Tahquitz Sunday night and open tonight at the Palm House for a summer run.

Barbara and his boys like the Village so well they turned down an outside offer to provide music for the summer dwellers at Vic Sudaha's and Gene Hughes' popular spot.

Pat has bought a new \$2100 Hammond organ which adds to the melody and volume of the organization.

The band has played at many Village spots and has a large following of local fans.

## Kin of Mark Twain Thinks Bond Issue Big Step Forward

An interesting visitor at the Desert Sun office last week was Nina Clemens Gabilowitsch, grand-daughter of the great Samuel Clemens, known in the literary world as Mark Twain.

Miss Gabilowitsch, now a resident of Hollywood where she works in various legitimate theater productions, said she has made several visits to the Village in the past years and she was more than pleased to hear of the passing of the local civic improvement bonds last week for the general betterment of the town.

"I've always thought the town could be made more attractive

and I'm in love with the idea of the palm trees along Palm Canyon drive and the idea of a new park with a public swimming pool," she exclaimed.

She feels there is a place in the Village life for a legitimate theater movement and hopes this form of artistic entertainment is inaugurated here before long.

Visiting with her friends Mr. and Mrs. Ernest Nuttycombe at Del Tahquitz (Mrs. Nuttycombe is the Jane Anthony of the ice show there) Miss Gabilowitsch expects to go back to Hollywood with them at the conclusion of the show.

## County Planners Endorse Move for Desert Courthouse

Support of the Riverside County Planning Commission will be thrown behind efforts of the desert communities to obtain a branch courthouse near Indio, the Coachella Advisory Planning Committee was notified at a meeting in Coachella last week.

Ted Carlson, prominent date grower of Indio, reported to the committee members, who represent all communities from Palm Springs to Mecca, that the Planning Commission will submit to the County Board of Supervisors before June 1 a report emphasizing the need for providing a county building in the Coachella Valley. The local Planning Com-

mittee has been urging that the county bring its services to the Valley to cut down the great amount of travel to and from the county seat.

ALSO, THE COUNTY Commission has assigned Charles Elliot, author of the Coachella Valley Master Plan, to a further study of the county decentralization program as it affects not only the Coachella and Palo Verde Valleys but the entire county. Funds will be sought in the new budget for continued efforts to obtain the county building near Indio.

Progress also was reported to the Coachella Valley committee in the project of the Valley Sportsmen's League for establishing of a public State Park on a square mile of land fronting on the Salton Sea. Lyle Howell, leader in the movement for the park, said additional park officials will be here Saturday to inspect the site and clear up additional features of the project. Efforts are being made to obtain a mile of federal land for the park site.

THE PLANNING COMMITTEE heartily endorsed the referendum fight being waged by Desert Associates against the decontrolled industrial zone in the area near the Palm Springs Railway station.

Attending from the west end of the Valley were L. C. Lewis, Cathedral City, president; Harry C. Harper, Palm Springs, executive-secretary; Harry Williams and Charles Woodman, Palm Springs; Paul Clark, Cathedral City; R. E. Launer and Herbert Ecclestone, Desert Hot Springs.

## Gaslight Gaieties "Rolls 'Em in the Aisle" In Stellar Performance by Business Women

In what was acclaimed by everyone present as the finest presentation of any production in recent years, the Gaslight Gaieties of the Business Women's Club simple "bowled over" a packed house at the Wars Memorial building Saturday night.

"He Ain't Done Right by Our Nell," the heart-rending drama, was acted with professional finesse by the business women of the Village. Hilton Hayes (a wolf in sheep's clothing) as the vicious villain, drawing patrons "Boos" and hisses, was done in exemplary manner by Louise Purnel. Little Nell (just an old fashioned heroine) was portrayed in true heroine style by Laurel Martin while Vivian Schwarting as Jack Logan (our manly hero) out-heroed any old-time Thespians seen here in many years.

Grace Weatherford as Granny Perkins, Elizabeth Trezevant as Lolly Wilkins, Gorgeous Lish as Vera Carlton (a city gal) and Virginia Waring as Mr. Carlton all turned in creditable performances.

Fire in a vacant lot at 147 S. Tahquitz drive Wednesday morning caused the local flame eaters to use up 50 gallons of water in an attempt to save a telephone pole that caught fire. Everything was soon under control with the only damage being that the telephone pole will have to be replaced.

during intermissions and following the dramatic presentation was headed by Louise Purnel as master of ceremonies. "I Don't Want to Play in Your Yard" was sung by Mary Dracsko and Sally Ohrt. Gladys Capper did the heart-breaker "She's More to be Pitied than Censured," and one of the highlights, "By the Sea" brought down the house as performed by Mary Dracsko and company consisting of Betty Vergt, Sally Ohrt, Vivian Schwarting and Tess Meyer.

Two of the beautiful Alessandro sisters next presented a medley of Gay Nineties songs followed by Sally Ohrt's tear-jerk-

ing rendition of "She's Only a Bird in a Gilded Cage."

"Frankie and Johnnie" by another oldie, "Father, Dear Father, Come Home" by Eunice Parton.

ANOTHER HIGHLIGHT of the show was the Can-Can as performed by Gorgeous Georgia Lish and a company composed of Mary Dracsko, Betty Vergt, Tess Meyer and Vivian Schwarting. Ida Keeney performed at the keyboard for community singing led by Olive Perdue, Artie Lee Peterson and Gladys Capper. During the performance, mous-

## New Association Plans Speeded By Retail Group

With a slate of temporary officers named at last week's meeting, plans for the formation of a Retail Merchants association were being speeded today, Leo Baker, temporary chairman said, and it is expected the group will be functioning at full capacity when the new season gets under way.

Officers chosen at last week's meeting were Baker, chairman; Ed Lanfield, secretary, and Mrs. Harry Brott, Fred Fulton, Newton Hotchkiss, Ken DuBose, Herbert Menell, Wall Spalding and George Clarke on a committee to contact all business men interested in the new organization. It was announced yesterday at an informal meeting of some of the key men that the first general meeting would be held May 16 for the election of permanent officers.

## County Share Of Relief Total Set at \$262,021

Riverside county's \$3,090,170 budget for payments of aged and blind aid for the current, 1948-49, fiscal year, included \$262,021 from county tax sources, \$1,318,800 from federal contributions, and \$1,509,349 from state payments, California Taxpayers' association said today, pointing to the relatively small portion of the cost that fell on local property for aid to the aged and blind prior to the adoption of Prop. No. 4 Prop. No. 4 transferred the county share of the cost of these two aids to the state.

Of the \$3,090,170 total budgeted for payments of aid to the needy aged and blind in the county, \$2,959,740 was for aid to the aged and \$130,430 for aid to the blind, the Taxpayers' association said.

## County Buys Prison Camp

Riverside county this week started proceedings to buy the prison camp site near Banning after figuring out a way to get around the water stock that goes with the deal and which threatened to hold it up. Under the law the county cannot own water stock and the stock goes with the land.

The Citizens Bank of Banning will hold the stock and lease the water to the county.

Purchase price was \$10,000 but rent already paid by the county was knocked off the purchase price leaving a balance of \$8,400 still due.

He accompanied the showing of the films with an interesting discussion of the adventures.

## Thrilling Films For Art Group

Gorgeous views of the Grand Canyon were shown members of Allied Arts association at their meeting last week by Randall Henderson of the Desert Magazine. He also showed movies taken while shooting the dangerous rapids of the Colorado River.

## Radio Keeps Lights Burning

Taking a leaf from police departments and the air force, California Electric's repairmen are now using two-way radio to speed up emergency calls. Orders are broadcast from Blythe, San Bernardino and Bishop to repair trucks equipped with small sending and receiving units. The radio hook-up went into operation last week.

According to F. F. Crocker, local manager, the new system will increase speed in service and cut costs by saving time and mileage for repairmen and trucks. Service men can talk from truck to truck and with the dispatching stations. A test last week proved the efficiency of the plan.

## Salton Sea Park Meets Opposition

Imperial Irrigation district is opposed to plans for a state park at Salton Sea it was revealed at the meeting of Coachella Valley Planners Advisory committee last week.

Letters have been sent to both California senators, congressmen and others by district officers. Plans for a discussion over differences on the proposed state park between committee leaders and irrigation district officials is planned.

## Tony Burke to Have Place to Relax Again

Tony Burke, local realtor and horseman of note, was plainly perturbed Sunday night as he reported to police that during moving operations earlier in the day from his former residence, 1263 San Jacinto way, to the new home at 1600 Chia road someone "lifted" his pride and joy—a green Barwa lounge chair.

Early yesterday Tony was seen in many places in the Village testing stools, chairs and benches for a suitable substitute but he stated nothing could replace his most comfortable piece of furniture.

Last evening, however, he was able to smile again as he reported his insurance company would replace the item with a new one. "Green, too," he smiled.

## Motorist Nabbed After Accident

In an accident at 12:32 a. m. Friday morning, Francis Patrick Keefe was booked by officers for drunk driving after his car skidded across the bridge on South Palm Canyon drive, careened into the bridge railing and finally came to a rest against a telephone pole several feet beyond where the car headed in the direction from which it had come. Appearance before Judge Eugene Theriault was set for this week.

## UWF To Close Season Tomorrow

Palm Springs chapter, United World Federations, will close its season tomorrow night when the final meeting will be held at the home of Mrs. Emily Jordan, 928 Avenida de Las Palmas at 7:30 p. m.

H. G. Coulter, president, urged all members to attend as reports of the past year will be heard and plans begun for next season.

## Mrs. Holderman Sounds Plea for Old Broken Toys

From Midge Holderman, director of the Health Center, comes the appeal on behalf of Bob Byerly, a cripple living in the rear of 156 S. Indian avenue, for broken or inoperative toys which he is fixing as a hobby.

His work is self-imposed for the benefit of the charitable organizations of the Village, with an especial eye toward the repair of toys for the organizations to dispense at Christmas time. It is Mrs. Holderman's thought that with many people now closing their homes for the summer there is possibly a great amount of used or broken toys that normally would be thrown out which could be repaired by Byerly during the summer months for preparation and readiness by the Yuletide season.

Anyone with this type of item is requested to deliver them to him at his home for the furtherance of this altruistic pursuit.

## Legion to Elect Leaders Tonight

American Legion, Owen Coffman Post 519, will hold its annual election of officers tonight at the Wars Memorial building on Baristo road at 8:00 p. m. Nominated for commander for the coming year are Hilton McCabe and Warren Slaughter. It was announced by Co-Commander J. J. Morrison yesterday that 11 new officers would be inducted into their official stations at the first regular meeting in June.

It was requested by Commander Morrison that all legion members be present tonight for this important election.

## Woman Injured In Auto Crash

An accident on Highway 111 near the Rancho Trailer park Friday involving a pedestrian, Mrs. Rose Field, 221 Avenida Ortega, and an automobile driven by Victor H. Baldwin, 5001 Rosewood, Los Angeles, sent Mrs. Field to the hospital with a broken ankle, broken leg and back injuries.

## Crosbie Moves Up With Calelectric

## Pharmacists Aid in Annual Cancer Society Campaign

Walter V. Pittman, Riverside County Campaign Chairman, American Cancer Society, reported today that it is gratifying to learn that pharmacists in this and other communities across the country are developing an organized program of public information in disease prevention and control. In recent years progress has been made in getting rid of the hush-hush attitude toward some unpleasant and prevalent diseases. There is still much to be done; first—in alerting the average citizen to community needs for adequate health facilities; second—in making common knowledge those basic facts that lead to early diagnosis.

For the third year the American Pharmaceutical Association has dedicated its National Pharmacy Week to public education on cancer control. Some 18,000 pharmacies in the United States, including a number of those here, are now exhibiting displays, distributing literature and otherwise supporting the American Cancer Society's fight against this dread disease.

Palm Springs pharmacists are placing their support behind the program of the American Can-

cer Society as part of an organized movement to make U. S. pharmacies public information centers on disease control. Ben Sake, Riverside County Hospital pharmacist, Chairman of the local Pharmacy Week Committee, announced that some 18,000 pharmacists throughout the country are exhibiting displays and distributing literature on the cancer problem as part of the National Pharmacy Week observance, which begins today. Many pharmacists here are participating in the program.

Dr. C. H. Woodmansee of the Desert Clinic is local chairman of the annual Cancer drive.

## 11 Dwellings Begun in City During April

Building in Palm Springs picked up in April, according to figures released at city building department yesterday and the fourth month of the year was the best to date with a total of \$248,300 in new construction begun in the Village.

Of this amount, \$217,100 was for new dwellings, eleven homes having been started in the month. For the first time this year, the monthly total approached the figures of an extremely active building year in 1948. This April's total was almost that of the figures for April, 1948, when new building was valued at \$268,645.

The year to date, however, was still well behind the comparative figures for 1948. In the first four months this year value of construction started was \$740,890. In the similar period last year, the building permit total was \$1,832,892.

P. M. Swart of the building department says that, from plans and specifications submitted for approval, a steady increase in building operations is expected.

HOME ON THE DESERT—Mr. and Mrs. Samuel L. Carpenter of San Francisco enjoying the relaxing climate of the desert at their home which they purchased from H. U. Helm at the Flying H Estates. Helm built the place for his own home and after selling it, immediately started construction of a new home at Flying H.

## Henderson Opens Texaco Station

Jim Henderson is now operating Henderson's Texaco Service at his station in the center of Cathedral City.

The station was formerly Henderson's Richfield station. The same service and attention to the public's needs is planned under the new name, he said.

Amethysts were once thought to prevent drunkenness.

## San Franciscans Find Desert Home at Flying H Estates

Mr. and Mrs. Samuel L. Carpenter of San Francisco have been coming to the desert for many years—and the lure which drew them here kept them looking for a spot for a permanent home.

When they were shown the Adobe Desert Haven in Flying H ranch they decided "this is it" and now they are living in that long dreamed of desert home.

H. U. Helm, owner and developer of Flying H, built the place for his own home and after selling to the Carpenters, started work immediately on a new dwelling.

Lee Luecke of the H. H. Foster office represented both buyer and seller in the transaction. Exclusive representative for the Flying H Estates is the Terry Ray-Guy Anderson real estate office. After graduating from the University of California at Berkeley, Carpenter entered the insurance field making it his life work until his retirement recently. He was insurance commissioner from 1935 until 1939 and since that time he has been general manager of the board of fire underwriters of the Pacific, covering eight western states and Alaska.

Mr. and Mrs. Carpenter have three daughters, a son and five grandchildren who will visit them at their new desert home.

Death came to James Hansberger, 79, Saturday evening, April 30, at the home of his daughter, Mrs. Stan Laurel, 537 Calle Palo Fierro.

A winter resident here for several years, Mr. Hansberger had acquired a host of friends during his associations with Villagers. Besides Mrs. Laurel, Mr. Hansberger is also survived by a son, William, of Durango, Colo. Funeral arrangements are being

handed by Wiefel's and Son mortuary and will be held at the Ingelwood Mausoleum tomorrow, May 4, at 10:30 a. m.

## Winter Resident Sends Check to Aid Mill Referendum and Urges All to Join in Move

Accompanying his check with a strong appeal for a united front against any threat to the pure water supply of the Coachella Valley, George E. Crothers, prominent San Francisco attorney, former judge and extensive land holder at Thousand Palms, today mailed a contribution of \$100 to the Industrial Area Referendum fund being raised by the Desert Associates.

The funds are needed to finance the referendum fight—the only recourse left to the desert communities in fighting the arbitrary action of three Riverside city supervisors in creating an unrestricted industrial zone around the Palm Springs railway station. Into the zone can move any of more than 70 noxious, dangerous, air and water polluting industries without the semblance of control as the supervisors have voted to surrender all county restrictions on 1700 acres. The referendum holds up the ordinance creating the special zone until the people of the county can vote on it.

## Absentee Ballot Drive is Started

Registered voters of Palm Springs and the surrounding areas who will be away from home in July and August today were urged to the Desert Associates to leave with the organization their summer addresses so applications for absentee ballots in the decontrolled industrial zone referendum election can be mailed to them.

Persons who plan to be away in July and August are asked to send their addresses to Harry C. Harper, executive secretary of the Desert Associates, Postoffice Box "S," Palm Springs. Applications for the absentee ballots will be mailed to those addresses in time for the ballots to be obtained and voted.

There is a strong possibility that state laws will require that this referendum election be conducted in the middle of the summer, placing a heavy burden on the Associates to make sure all vacationing residents cast their ballots. Persons can save the organization's time and expense if they will furnish the summer addresses.

ing handled by Wiefel's and Son mortuary and will be held at the Ingelwood Mausoleum tomorrow, May 4, at 10:30 a. m.

"I HAVE JUST now received a copy of The Desert Sun indicating the necessity of a referendum of the ordinance adopted by the Board of Supervisors by a vote of three to two, opening an area near the Palm Springs station on which industries without any restriction whatever may be established.

"Among other things this would permit the firm in Los Angeles County which has been seeking a dumping place for noxious chemicals, to contaminate the source of the water supply of the Coachella Valley, including the Thousand Palms region in which I am interested, as well as that of the Cathedral City and an Indian and beyond.

"ABOUT A YEAR ago the engineer and manager of the Irrigation District told me that the water from Bell's Well No. 4 had been examined by the University of California and that it would be impossible to develop water in the laboratory more perfect for human consumption. Of course, this would apply to all other water which has seeped through the gravel from the Whitewater area eastward into the Coachella Valley.

"It will not be long until at least 100,000 people will have settled in the area threatened by such water contamination, not to mention possible contamination of the air, which blows into the Valley about 90 per cent of the time from the narrow pass at the site of the proposed area for any type of industrial development.

"THE PEOPLE of the entire Los Angeles area who are now suffering from smog and are also open to possible atomic bombing in case of war, will soon appreciate the importance of having a 'hideout' in the Coachella Valley, where they can take their children for fresh air and pure water over the week-ends and during times of danger from bombing.

"Accordingly, I am enclosing herewith my check for \$100 to cover some of the expenses in-

cident to the presentation of a referendum to the people of Riverside County on the ordinance referred to."

Contributions to the fund should be mailed to Desert Associates, Postoffice Box "S." All persons sending in funds for this cause will be given memberships in the Associates.

# COME BACK IN MAY!

Green fairways, blue skies, flecked with lacy clouds attract the late Spring visitor to the O'Donnell Golf Course, where daily rounds are played by the entire family. A sporty course adds zest to this exercise. While a favorite diversion, other out of door sports attract . . . horseback riding, bicycling, tours by car to the local canyons, walking the nearby trails, all provide relaxation and diversion.

Swimming daily at the many pools of the apartments and hotels of this desert resort make life in the late Spring ideal. Sun tanning and sun lazing offer pleasant relaxing hours. Here one finds life at its best.

Old-Timers in the Village know! Each year, following a brief "Warm Spell" in Mid-April, the weather cools—and during the remainder of the month and all through May—Palm Springs enjoys its loveliest weather—warm balmy days—cool, gorgeously beautiful starlit nights—The Village goes Native—Shorts and a minimum of clothes are the fashion—Swimming and sun-tanning are the style—and picnics and rides to the canyons are almost a daily fare—It's fun—and health giving—and smart, too, to stay through May—or COME BACK IN MAY.

Most of the Palm Springs Apartment-Hotels and Apartments wisely continue to welcome visitors all through May and June. This summer a number will be open all summer long. Truly this late spring season is the finest the Desert offers. Restaurants and cocktail lounges, grocery stores, service stations, theaters, every type business and store and service are open and ready to serve the visitor and resident alike.

All Palm Springs welcomes the truly observant and fortunate late Spring visitors . . . they are urged to remember and patronize those whose advertisements appear here—Those who made this message possible.

## Spring Ball for Artists Friday

Allied Artists association of Palm Springs will hold its annual Spring ball Friday night, May 6, at the Biltmore hotel with a gala dancing and swimming party.

Serrita, internationally known B-Bop and Afro-Cuban dancer, will entertain the members of the association and their guests. Many other entertainment features have been added for this, the highlight of the group's seasonal activities.

Another featured entertainer will be the appearance of a Coachella Valley dancer, Olga Ponce, who may be remembered for her snake dance at the Indio Date festival earlier this year.

An interesting feature of the affair will be a booth set up for the sale of authentic and genuine Hindu foods. It is further stressed by Albert Babcock of the association that the affair, their last of the current season, is open to the public and anyone interested in the artists group is invited with admission being free. Gathering time is set for 8:30 p. m.

## Mrs. Lienau To Represent State Auxiliary

Mrs. Marian Nelson, state president of the American Legion Auxiliary, has appointed Mrs. Harold Lienau, Villager, to represent the Department of California at the convention of the Amvets Auxiliary to be held in Palm Springs May 7 and 8. Mrs. Lienau has been an active member of the Legion Auxiliary for many years, being a charter member of Redlands, Needles, and Palm Springs units. She has served as department chairman, 25th district president, charter president of the Needles unit, and president of Owen Coffman unit, Palm Springs. At the present time she is 21st district Americanism chairman. Mrs. Helen Wolfe, state president of the Amvets Auxiliary will conduct the business sessions of the state convention. Mrs. Lienau will bring official greetings from the Department of California to Mrs. Wolfe and the delegates assembled here.

VACATION!

Every member of the family will enjoy a Spring Vacation on the desert!

RAY WHITAKER—and his orchestra closed their second successful season at the Tennis Club Saturday night as they played for the annual Hobo Ball. Ray (at the organ) plays almost any instrument and has been popular with Tennis Club members and guests together with other members of the orchestra (left to right) Ted Wells, Lud Hodgson and Jerry Geller. Ray and the Boys will open for the summer season at Balboa Bay Club on July 1.

## Wheelers Entertain At Club

Mr. and Mrs. George Wheeler invited a hundred or so of their friends to join them for cocktails in the Tennis Club's Lanai Room last Thursday. Delightful hosts that they are, the party quite naturally turned out to be a delightful occasion for everyone present.

Among the guests enjoying the particularly gay evening were popular realtors Muriel Fulton and Frances Wilson, Barney and Barbara Hinkle, Dr. and Mrs. B. H. Poliak, the Ted Reeds, Dr. and Mrs. John Costello, Palm Desert's Herb Pritzlaff, Don Kennedy, the Vincent Marcos and Colin McArthur.

Mr. and Mrs. Stewart Williams and the Burnham Bigelows were there, and the Herbert Burns (still tossing pennies as to whether to vacation in Europe or Canada). Fleeta and Reed Hubbard, who are planning short in and out vacation trips this year. Others were the Albert Pecks, Mr. and Mrs. William Lux, Mrs. Ruth Hardy and Miss Virginia Dooley of Ingleside Inn, the Ken Colborns, Harold Murphys, William Maloufs, Bill and Roma Marvin, Twila King, Dorothy Epling, Don Kennedy, Geoffrey Bill, Hilda and Bill Talbot, Mr. and Mrs. O. E. L. Graves, Ethel and George Strebe, and dozens of others.

Upper left are Mrs. Perce Westmore, wife of the owner of the House of Westmore in Hollywood, and her daughter, Gina, guests at Pepper Tree Inn. Mr. Westmore was director of make-up at Warner Bros. for 27 years.

Center top, are Mr. and Mrs. Alan C. Morgan, executive of Northrop Aircraft, of Brentwood, Los Angeles, who were the houseguests of Mr. and Mrs. Ed Fallgren for the Easter vacation. Mrs. Morgan is the well-known dress designer and manufacturer, Viola Dimmitt.

Upper right, are Mrs. Earl T. Irwin of Seattle, with her daughter, Vivian, age 5, and mother, Mrs. Edward M. Doerbecker of Portland, and who are guests at Estrella Villa. Mrs. Doerbecker is the owner of Radio Station KVI in Seattle and Mrs. Irwin is the President and General Manager of the station.

Lower left, Mr. and Mrs. Mel Burns of Long Beach, as they appeared at the Easter party at the Walter McManus' on Easter Sunday. They are happy to say they are becoming Palm Springs residents in September.

Next is shown another couple at the Easter party, Mr. and Mrs. George O. Wheeler, Editor and Publisher, of the Palm Springs Village.

Lower right is Roger Marchetti, lawyer from Beverly Hills, best known as the movie star's friend.

## Easter Star Club to Elect

Election of officials for the coming year and entertainment for visiting Masonic and Shriners, here for the Palm Springs Ceremonial next week-end, will mark the meeting of the Eastern Star Luncheon club this Friday at Shadow Mountain Club.

Members of the Eastern Star and Masons and families will be welcomed.

## Bankers Convene In Palm Springs

Members of Group Four, California Bankers association of southern California, held a convocation the past week-end at the Desert Inn with panel discussions at two business meetings Saturday afternoon.

Approximately 200 were present at the banquet in the evening, highlighted by a barber shop quartette from San Diego.

## Jewish Women's Group to Close Year Tomorrow

Climaxing a busy and successful year, the Palm Springs Jewish Women's group will hold the final meeting of the season Wednesday at 12:30 at the Chi Chi Blue Room. Mrs. Reuben Kulla, president, announced.

Mrs. Leo Baker, program chairman, announced a special treat in store for guests and members. Responding to a personal invitation from Mrs. Baker, Mary Beth Hughes and husband, David Street, have agreed to make a special trip to Palm Springs for the luncheon meeting. Mary Beth Hughes is soon to be seen in Paramount's "El Paso" and David Street, MGM Recording star, was recently featured in "Moonrise" and "I Surrender Dear." Both Mary Beth and David Street just returned from a personal appearance tour throughout the country and they have promised to sing some of the clever numbers

## D. A. R. Meets On Thursday

Mrs. William R. Wright will be hostess at the next meeting of the American Revolution at her Los Arboles apartments, 784 N. Indian avenue, Thursday, May 5, at 2 p. m.

All members are urged to attend as it will be an important meeting.

## Flight Into Time

"Flight Into Time," said to be one of the finest travelogue color pictures ever made, a production sponsored by TWA, will be shown each evening this week, commencing Sunday in the window of the Olman Travel Service.

which met with such success on the tour. Reservations for the luncheon meeting can be made by calling Mrs. Herman Reich, Palm Springs 4413.

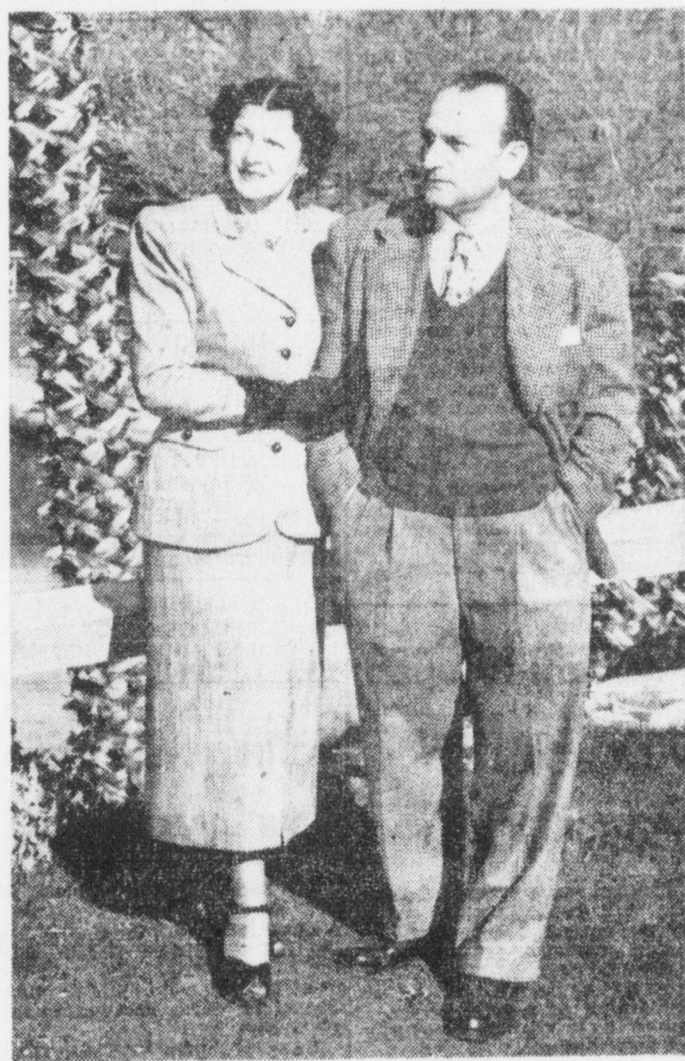

# Social ACTIVITIES

## Robersons Entertain

Mr. and Mrs. George Roberson entertained at their village home with a delightful cocktail party for some sixty of their friends on Thursday evening.

The merry party took place in the Roberson's outdoor patio, and was given as an end of the season affair by the Robersons who will spend the summer months at their home in Balboa.

Guests at the pleasant affair included Mr. and Mrs. Travis Rogers, Mrs. William Gargan, Mr. and Mrs. William Malouf, Mr. and Mrs. Charles Matthews, Mr. and Mrs. Claude Valeur, Mr. and Mrs. Jim Geggie, Mr. and Mrs. L. S. DeGraff, Mr. and Mrs. M. O. Anderson, the Roberson's guests at the Desert Inn, Mr. and Mrs. Frank Wishon and Mr. and Mrs. R. R. Hodgkinson of Los Angeles and Newport Beach who were here especially for the party. Mr. and Mrs. Ray Alford, Miss Helen Williams, Mr. and Mrs. F. C. Dougherty, Mr. and Mrs. Tom Kelley, Mrs. Grace Pope, William Boggess, Mr. and Mrs. Ralph Shelley, and Mr. and Mrs. Lyle Newcomer to mention but a portion of the guests attending.

LEAVING FOR EUROPE—Mr. and Mrs. Sascha Lautman, internationally-known artists, who are about to end their winter stay here for a tour of Europe. Sascha Lautman has gained world-wide fame as a portrait painter and Mrs. Lautman, the former Beya de Movaes, as a concert pianist. (Terry Photo.)

## Lautmans End Winter Stay Here; Plan European Tour

Palm Springs will lose two of its most charming and talented winter colony members when Mr. and Mrs. Sascha Lautman leave here this month for a summer in Europe. While Mr. Lautman is internationally-known as the great Viennese portrait painter and his wife as the former Beya de Movaes, concert pianist, to their friends in Palm Springs they have become popular villagers, Sascha and Beya.

Sascha Lautman studied art in Italy, completing the course at the Rome Academy and serving for two years as a faculty associate, the youngest art professor in Europe. He then was made resident portrait painter of the Vatican and for the next three years was occupied with portraits of papal dignitaries in Rome. Here, the studio which Bernini occupied while doing the facade of St. Peter's Church was turned over to Lautman—the only person who has ever used it—and is still maintained exclusively for his use.

Among his sitters have been many European rulers and statesmen. He painted Queen Marie and Princess Helena of Rumania, the Duchess of Kent (former Princess Marina of Greece), and the Countess Volpi, reputedly the most beautiful woman in Europe. Twice he was called upon to do portraits of Padrevski, once in Poland and once in this country. The latter was used as Padrevski's official likeness and for reproduction on all of his concert programs.

Lautman became an American citizen in 1935 and while he has returned to Europe many times, he has painted in every state in the Union with the exception of Maine and Minnesota. He painted the typical American boy which hangs in the Brooklyn Museum, the grand children of Franklin Roosevelt, and socialites and stars from Park Avenue to Hollywood.

While both Beya and Sascha Lautman gained fame in Europe—he as the painter and she an accomplished pianist—it was in New York they met for the first time.

They were introduced to each other by Mrs. Jesse Jones of Houston, just after Beya arrived for a concert tour of the United States. The tour was never taken because soon after that they were married and Beya has preferred to follow her husband in his own career rather than pursue one for herself.

In 1941 Lautman volunteered for service with the Army Air Force and from then until 1944, he was stationed at various posts between Los Angeles and Birmingham, in charge of civilian aircraft engineers.

Mr. and Mrs. Ken Kirk are rejoicing over the arrival of a baby daughter born March 5 and now weighing 9 pounds and 2 ounces. The little girl's name is Cynthia Grace.

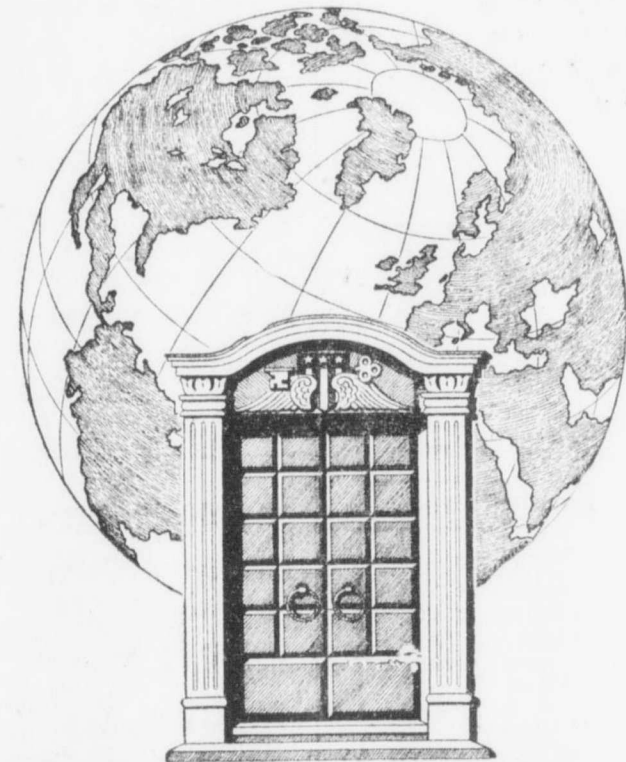

## Piano Recital Sunday Afternoon

Piano pupils of Annette Caslaska were heard in an enjoyable recital at El Encanto Sunday afternoon.

Those participating included Gail Butler, Patsy Crawford, Isabel Crocker, Melvin Houser, Sharon Loupe, Jeanie MacNeal, Ellen Neishuler, Richard Poliak, Roberta Poliak, Helen Portnow, Carolyn Reich, Kenneth Reich, Barbara Rosin, Ruth Marie Samson, Philip Staley, Mary Jo Stephens, Sally Stephens and Myrna Stuart.

## Observe Ninth Anniversary Here

Mr. and Mrs. Jerry Carr, son-in-law and daughter of Mr. and Mrs. H. H. Menard were guests of the latter this week-end. They were on the desert to celebrate their ninth wedding anniversary.

## Doorway To The World

Through the telephone you can enter more than 60,000,000 homes and offices around the globe... your telephone is indeed your doorway to the world.

And today you can reach more people on the telephone than ever before... and more people can reach you. For example, there are twice as many telephones in use on the Pacific Coast now than there were ten years ago. This means that the possibilities of the telephone have been enormously enlarged... that its value has been tremendously increased.

Yet the cost of telephone service is still low... one of the big bargains of the times.

TO SAVE time during dusting, use two dust cloths, one in each hand, and the work will go twice as fast.

When polishing silverware, use the small squares of felt that come as powder puffs, and you will always have just the right sized piece of soft material for applying the polish.

Before folding clothing that has just been ironed, hang it to allow thorough drying. When completely dry, then folded, the clothing will not wrinkle as readily.

Keep a small box in the laundry room to collect buttons as well as snaps and fasteners. When you are ready for the mending, bring the box along and you will have the essential buttons for those clothes which need them.

**RECIPE OF THE WEEK**

**Hot Cabbage Slaw**  
(Serves 5)

2 egg yolks, slightly beaten  
1/4 cup cold water  
1/4 cup vinegar  
1 tablespoon butter  
1 tablespoon sugar  
1/2 teaspoon salt  
3 cups shredded cabbage

Combine egg yolks, water, vinegar, butter, sugar and salt. Cook slowly, stirring constantly until mixture thickens. Add cabbage and reheat.

A sponge kept in the kitchen is handy to use for wiping fingerprints off cabinets. Simply dip the sponge in soapy suds and run over smudges. Then rinse the sponge in clear water and run over the same areas to remove soapy marks.

To renew corks for thermos bottles, drop in a pan of boiling water, cover for a few minutes and the corks will come out almost like new.

To prevent the drain on the kitchen sink from clogging, always run hot water through it as fast as possible after washing dishes, and grease and food particles will be washed out of the pipes.

Stains on sinks are easily removed by covering them with lemon juice or bleaching fluids. Let the bleaching agent stand for several hours or overnight if the stains are deep.

Never apply moisture to ranges while the enamel surface is still hot, or the finish may crack. If grease splatters on the range, it may be wiped with a dry cloth or absorbent paper such as a paper napkin.

## More Winners

Last Friday, April 22, there were very few people absent here at Coffman.

Why?

You see last Friday was Play Day.

As some of you may know, Play Day is a tradition here in Palm Springs. It isn't certain just

how many years we have had this tradition, but it is known that we have had them for the past twenty-five years. Wow!

Before I tell you the winners of the various events, I'm going to tell you how it's done.

First: you are given a card on which there are spaces to write your age, height and weight last October 1. Then from the county

chart, you look up the exponents for that particular number. After looking up these exponents, added up, they give you a score from which you get your classification: A, B, or C.

Now for the winners in girls!

Base Ball Throw for Distance:

A—1st, Mary Anne Lewis, 2nd, Hazel Smith, 3rd, Shirley Laidlaw.

B—1st, Hortense Prieto, 2nd, Shirley Doyle, 3rd, Dorothy Richards.

C—1st, Valerie Hubbs, 2nd, Faustina Reyes, 3rd, Arlene Riddle.

Standing Hop, Step and Jump:

A—1st, Sydney Hall, 2nd, Barbara Chinn, 3rd, Shirley Laidlaw.

B—1st, Alma Pickell, 2nd, Jo Ella Upton, 3rd, Dixie Gardner.

C—1st, Nylene Ide, 2nd, Shirley Thomas, 3rd, Arlene Riddle.

Now for the boys, Broad Jump:

A—1st, Lewis Houseman, 2nd, Bob Campbell, 3rd, a tie John Strite and Floyd Giles.

B—1st, Rudy Martinez, 2nd, Jerry Evans, 3rd, Furl McMillen.

C—1st, Don De Fluiter, 2nd,

David Zirinsky, 3rd, Harry Kings.

High Jump:

A—1st, Gerald McKinney, 2nd, Eddie Knupp, 3rd, Chris Borden.

B—1st, Jerry Ostrow, 2nd, a tie Furl McMillen, Jack Clark, Larry Purnell.

C—1st, David Zirinsky, 2nd, Lester Busby, Tom Summers, Larry Ostrow, Jim Martin.

50 Yard Dash:

A—1st, Gerald McKinney, 2nd, Leo Rojo, 3rd, John Strite.

B—1st, Sheldon Arnold, 2nd, Jack Johnson, 3rd, Jerry Ostrow.

C—1st, Bob Clinton, 2nd, Jack McDonald, 3rd, John Grace.

Shot Put:

A—1st, Gerald McKinney, 2nd, John Strite, 3rd, Floyd Giles.

B—1st, Rudy Martinez, 2nd, Buddy Crittenden, 3rd, David Bruce.

C—1st, Larry Ostrow, 2nd, Foster De Jesus, 3rd, Jack McDonald.

440 Relay:

A—1st, Rojo, Torres, McKinney, Strite, 2nd, Giles, Borden, Houseman, J. Evans, 3rd, No third.

B—1st, Johnson, Arnold, Clark, Ferguson, 2nd, McMillen, J. Os-

trow, Phillips, Purnell, 3rd, J. Evans, Lynch, Bullard, Bruce.

C—1st, McDonald, Martin, Stirton, Matloff, 2nd, Kings, De Jesus, Matin, Summerhill, 3rd, Grace, Clinton, Lenoir, Thompson.

25 Yard Free Style:

A—1st, Lewis Houseman, 2nd, Bob Campbell, 3rd, Chris Borden.

B—1st, J. J. McCarthy, 2nd, Jerry Evans, 3rd, Jerry Ostrow.

C—1st, Foster De Jesus, 2nd, Francis Markley, 3rd, Alfred Goldenberg.

Many county records were broken, tied, and established.

Class A, Gerald McKinney tied the 50 yd. dash in 6.2 second, established a county record 39 9/10 for the Shot Put.

Lewis Houseman established a county record for the 25 yd. free style in 4.2 seconds.

Class B, Rudy Martinez, established a county record 39 9/10 for the Shot Put.

Also Rudy Broad Jumped 14' 9" breaking the record of 13' 9".

J. J. McCarthy of the E's swam free style in 16.1 sec. for a county record.

Now the C's, Donald De Fluiter took a flying leap of 14' 1" for a new county record breaking the old 13' 6" leap.

Larry Ostrow put the shot put 23' 4" established a new county record.

Foster De Jesus swam off a county record 16 sec. flat for the 25 yd. free style.—Lettie Canyon, Larry Astrow.

Art Pictures

On April 28, at the Welwood Memorial Library, the recent board meeting decided to use the library's display bulletin boards

for an exhibit of the art work of all the schools in Palm Springs.

Frank Bennett of the library board will select the best work in each school.

There will be a prize for the best picture in each school of the district.

The pictures will be up for all to see, from May 8 to 24. From out Art room to the library, well maybe they'll go farther.—Marilyn Meyer.

A Friend to All

To the students of Nellie N. Coffman, our cook, Mrs. Concha Perez, affectionately known as Connie, is like a mother. She has cooked for us four years.

Mrs. Perez was born in Mexico and has lived in Palm Springs for twenty-one years. She has three daughters and one son.

Every day she comes at 11:00 a. m. to fix lunch, and leaves at 2 p. m. She also helped us serve refreshments at Open House Wednesday.

Truly, both students and faculty think Mrs. Perez a wonderful person, and you would too if you knew her.—Lois Le Brun.

Scholarship Society

Today, Thursday, April 27, 1949 Jim Blackstone, chairman of the Scholarship Society, called the meeting to order. A discussion followed on their coming excursion.

The faculty member, Mr. Chester Sproule, their sponsor is going to go with the group. All the students who are entitled to go on this trip have worked hard, looking forward to this all day excursion to Los Angeles County Museum.—Paul Matloff.

Mission Visitors

San Gabriel Mission is going to have a group of about thirty visiting it in the near future.

Yes, the Letterman's Club of Nellie N. Coffman is having the all day excursion for which it has been planning.

This Citizenship group is going to be accompanied by the faculty advisor, Mrs. Marion Peterson, who is in charge of the Letterman's Club. Credit is due Mrs. Peterson for her diligent work in obtaining permission, which required a lot of time.

A bus will be provided for this all day trip. Instead of a picnic lunch, the Club will no doubt find it more fun to eat at a nearby restaurant which specializes in Spanish food.

Being guided through this historic mission is something which makes it seem worth the work needed to obtain the 118 points before one can become a member. Those who have succeeded in becoming a member are enjoying their thoughts of the excursion to come.—Sheldon Arnold.

## Museum to Open Doors for New Season Oct. 15

Final museum event of the season was held Saturday night when Edmund C. Jaeger of Riverside presented an interesting illustrated talk on "Desert Animals I Have Known." Mr. Jaeger, the author of several books, is one of the leading authorities on the local desert.

In the afternoon the final field trip of the season was held, a round-the-circle trip to Idyllwild via Palms to Pines highway and back by way of Banning.

During the season just closed, Lloyd Mason Smith, director, said approximately 30,000 persons visited the Museum. These included those who went on field trips, visited the exhibits, attended the lectures and moving picture shows and otherwise took part in Museum activities. In 1947, 32,000 visited the institution.

The Museum opened in October 15 last year and closed April 30. It will open for the new season next October 15.

which were outside the reach of industrial zoning adopted after the plants were in existence.

"Right now the Riverside county board of supervisors have before them a demand from more than 650 West Riverside residents for remedy of an air pollution problem created by the Riverside Cement company, and the supervisors have said they cannot help these residents with county laws.

"AND YET they turn right around and create a 1700-acre unrestricted zone on which the same dust, smoke and fumes problem can and probably will be short of criminal."

"In the case of the 1700

## State Golf Queen Here For Tourney

Word was received yesterday that Ruth McCulluh, women's state golf champ, would be on hand this afternoon to make the presentation awards at the conclusion of the Local Yokels tourney which started yesterday at the O'Donnell course, ending this afternoon with a barbecue and party after the foursomes have completed their scores.

Miss McCulluh, who won the crown last week at the Riviera Country Club, will be remembered as runner-up here a few weeks ago to Marlene Bauer, winner of the 14th Annual Women's Invitational tournament.

The contest of caddies and local yokels yesterday and today has drawn a fine field of players for a large selection of prizes.

The barbecue in the late afternoon is being staged by Frank de Benedetti who is sponsoring the affair in its entirety, to the point of flying special meats for the barbecue from San Francisco, then in doing the actual preparation and supervision of cooking.

About 20 caddies started their rounds yesterday morning, with the windup of their 36 holes scheduled for early this morning after the windup of their 36 holes scheduled for early this morning after which the local yokels will finish their play. Then, toward late afternoon, the barbecue will be given on the grounds of the course, according to Ernie LaFleur of the tournament committee.

### Rangers Rally at Breakfast Session

Rangers of the Los Angeles Breakfast club held one of their regular semi-annual reunions at the Desert Inn during the past week-end with about 50 present. Started in 1932, the group makes regular trips to the Village each spring and fall, taking advantage of breakfast rides and other riding experiences during their stay.

### Strebe Says "No"

Word yesterday that George Strebe (Doll House), had purchased the Schenck-Teitelbaum home last week was spiked by Strebe himself with a negative reply that may be relegated to the classics: "Hek, no, if I were to buy any house, it'd be the Doll House." Unquote.

## Tickets for Annual Fish Fry May 14 Going Fast is Report

Tickets for the annual fish fry of the Palm Springs Sportsmen, Inc., are going fast, according to the association's president Warren Heath.

Set for Saturday, May 14, at the Alejo entrance of the O'Donnell golf course, the affair will be given over to an evening of fun and merriment, plus good eats and good beer or soft drinks, under the soft glow of a nearly full moon.

**GREAT ENTERTAINMENT** is in store plus the music of Manuel Marmolejo and his orchestra. There will be several gate prizes (no doors) headed by a spinning rod, reel and line donated by the club and said to be a \$65 piece of equipment. There will be two other "house prizes" being offered by the club plus several others being donated for the affair by private individuals headed by a beautiful \$25 designed sport shirt from Spalding's western shop.

## Fishing is Good in Local Area

Fishing is good in the local mountain area. Trout season in the San Jacinto mountains opened Sunday morning and the results of Fish and Game commission activities is apparent.

The state commission with the aid of local groups planted rainbow trout in Strawberry creek, Dark Mountain stream, Fuller Mill creek, Snow creek and Hall lake. Lake Hemet and the north fork of San Jacinto river are also excellent spots.

**ALL SPOTS** are fairly easy to reach. Snow creek by scooting north of town, Dark Canyon, Fuller Mill and Hall lake are on the Banning-Idyllwild road and reached from either of those spots. Lake Hemet is on the Palms to Pines highway.

Access to the North Fork by auto is possible on the upper part of the old control road from Idyllwild to Ballou ranch. That portion below Ballou ranch will be closed to travel because of unsafe conditions. Another access is afforded by way of the San Jacinto truck trail from Pine Cove down to the North Fork crossing. The road below this point is closed. These roads are mountain truck trails and travel should be limited to cars with high clearance.

Public campgrounds are located in the Dark Canyon area, at Idyllwild and on the Palms to Pines highway. Overnight camping is not permitted at Hall lake.

## Team Managers Cathedral Nine Called to Session Improving Fast

Bob Bennett, city recreation director, urgently requests all managers of softball teams already in existence or of new teams being formed for this summer's league to meet with him at the Lineau Village tonight to discuss schedules and playoffs of the various teams for the coming months.

In addition, Bennett will disclose the findings of tomorrow's county managers session at Indio, main item to be discussed being the adoption of a 13-inch ball for league play. Meeting is set for 7:00 p. m.

## Scout Troop 56 Hosts at Social

Boy Scout Troop 56, Palm Springs Council, plans to stage an ice cream social Friday at 7 p. m. at Community church. Home made pies and cakes, movies, skits and fun for all will be featured.

Tickets are on sale this week by members of the troop.

## Rotary Club to Meet at Chi Chi

Rotarians will meet next Wednesday at 12:10 p. m. at the Chi Chi. It was announced today. Final meeting of the season was held at the Desert Inn last Wednesday noon.

Meetings will be held every Wednesday all summer, Bob Bennett, secretary said.

Only 750 tickets are available and they are for members only, plus their families. Membership to the club, however, according to Heath, is only one dollar and tickets may be had from members of the board of directors of the club, Bill Marvin's Sporting Goods store, Palm Canyon Market and Locker or at the fire department.

**THERE IS ONLY** one request stressed by Heath: BRING YOUR OWN KNIVES AND FORKS.

There will be lots of fish (this has been assured by the hatchery) and there will be lots of beer, soft drinks, plates and all other accoutrements necessary, but utensils must be brought by the partyers since that is the one item the sponsors of the event are unable to cope with at a party of this magnitude.

"All you have to bring is utensils and a good appetite," Heath said.

## Indians Wind Up Near Middle in RCL Track Meet

Ronnie Hargraves, with a vault of 10 feet, six inches, scored Palm Springs only first in the annual Riverside County league track meet at Perris Saturday and the Indians wound up in sixth place with a point total of 94.

Coachella high's Arabs ran off with the meet scoring 57 1/2 points with San Jacinto, 32 1/2, Hemet 31 1/4, Beaumont 25 1/4, Banning 13, ahead of Palm Springs, Elsinore 7 and Perris 4 1/2, trailed.

**BESIDES HARGRAVES'** points in the pole vault, Black picked up a second in the broadjump and a tie for third in the high jump.

The Indians scored a little better in the B class, finishing fifth with 11 points, picked up by Thomas with a third in the 100 yard dash; a tie for first in the high jump by Hale and a tie for fourth by Black and fifth in the relay.

**THE INDIANS'** best showing came in the C events where they tallied 15 1/2 points. Hall picked up points in the 120 yard dash; Bolton in the 180; Reyes in the 660; Bolton in the high jump and Spencer in the shot put. The Indians C relay team was second.

Coachella took all three classes, Varsity, B and C with a total of 163 1/4 points, a new league record. The Indians total was 35 1/4.

**WELL,** aren't you glad you're here in May?

### Work on County Budget is Started

Various county departments are busy this week figuring their costs and financial needs during the 1949-50 fiscal year as county supervisors prepared for their biggest headache, the annual budget.

May 23 was set as deadline for filing of department estimates with the county auditor's office.

### Takes Pennies from Crippled Children

Pennies, intended for the Crippled Children's fund, which customers at Thompson's Candy store, at the entrance to the Desert Inn, had chucked into a jar, were listed in the loot of the latest "meanest thief."

Mrs. Jessie Fuller, store manager, told police the container was stolen Friday.

represent her father's Richfield Service station. She is the daughter of Mr. and Mrs. Ferrill Wrathall. Others are: Miss Yvonne Slater, sponsored by Sage and Sun; Miss Shirley Mizysak, entered by Pepper Tree Inn; Laura Lou John, Palm Desert; Miss Eddie Savage, Chi Chi; Jeanne Lehman, Royal Palms hotel; Joyce Dredner, Del Tahquitz hotel; Mary Oldfield, 49'er Room; Marge Trotter, Hitching Post; Yvonne Dillon, Nardoni Insurance and Bonds; and Minka Dee Boyle, representing George Strebe's Doll House.

**FIRST NIGHTLY** event to take place during the convention will be Friday night at The Stables with a carnival event scheduled. The public is invited according to Rollman with admission only 50 cents. Valuable door prizes will be given away then and there will be dancing, fun and frolic, Rollman said. A barbecue dinner will be served by Johnny Boyer.

Saturday night with the public invited to attend again, there will be dancing at the Tennis Club, the beauty contest and a show in itself with the MC-ing by Rudy Vallee.

Major prize will be given away that night in addition to other door prizes.

**IT WON'T BE ALL FUN** and no work for the delegates because morning and afternoon business sessions will feature the convention with the election of new state officers taking place Sunday afternoon.

"We would like as many of the Villagers who can get away to see us at work and play," declared Rollman. "Amvets strictly a conservative organization dedicated to helping the World War II veteran help himself has never been on record as seeking any kind of a 'free handout or federal pension' because they served their country."

## Post Results Of Net Play Early is Plea

Although a great many of the matches have been played off in the local tennis tournament, Bill Marvin, in charge of the schedules at the Palm Springs Sporting Goods store states that the participants are very slow in reporting the results in and this entails a great deal more work for him and slows up the arranging of following rounds.

Many good racqueteers are entered in the playoffs including Harry Plymire, last year's singles, doubles and mixed doubles winner. He was teamed with Mayor Charles Farrell for the doubles crown and this team is again re-entered as is Plymire with Mrs. William "Mousy" Powell in the mixed doubles.

In the men's singles the seedings are as follows: Plymire, Paul Lukas, Police Chief August Kettmann and Colin MacArthur. In the men's doubles the Plymire-Farrell combo is rated tops, followed by Harold Hicks-Kettmann, Lukas-MacArthur and Ben Chaffey-D. Shea.

In the mixed doubles Plymire and Powell are given number one seedings with Mr. and Mrs. Harold Hicks next in line.

It is requested by Marvin and Charles McDonald, chairman of the tournament committee, that participants report in as soon as the results of each match is determined. These may be called in to the sporting goods store, 6013.

## Sportsmen Plan Rally Tomorrow

Palm Springs Sportsmen Inc. will hold its monthly meeting tomorrow night at the fire hall at which time John Laughton of the State Fish and Game commission is scheduled to speak.

Several matters of interest to sportsmen will be discussed following motion pictures.

Coffee and doughnuts after the meeting, with visitors invited to join up both for the club itself and for the annual fish fry May 14. It was stressed by President Warren Heath that there are only 750 tickets available for this popular annual event.

tributed to all the leading stores, hotels, and so on to such an extent we believe we can distribute at least 50,000 of these calendars by fall.

**"WE THEREFORE** respectfully request all persons or groups who have good ideas for convention and casual-visitor entertainment to talk it over with Mr. Bogert so that promotional publicity plans can be laid for newspaper, radio and newsreel coverage of the event," he concluded.

The formation of the bureau is said to be the outgrowth of the "Unite-Promote-Protect" chamber drive last fall which was one of the first efforts to cement the thoughts of Villagers into a unified effort to regain our place "in the sun." Since that time the trend has been more and more toward harmony in the Village, with more people and businesses acting in an unselfish manner toward community planning, it was brought out.

Probably one of the finest examples of this was the election last week at which time 44.7 per cent of the Village voters considered a good turnout for this time of the year, decided by nearly a five-to-one vote for

## Hot Competition Marks Start of New House Loop

In last Wednesday's House league at the Bowling academy, it was announced each of the four three-man teams now under sponsors as follows: Canyon Cafe team composed of Bob Rech, Joe Tavormina and Willie Neblung is in the lead with five wins to one loss after two nights of play.

Neblung, incidentally, hit the high of the evening with a terrific 619 for the three games, better than 206 average each game.

### SECOND ON THE LIST

is the Palm Springs Music company team with four wins to two losses. This is composed of Julius Edelstein, Russ Tarbuton and Bill Goodrich.

Third is the Lee Bering team with N. K. MacDonald, Jed Ostling and Joe Tiano who have two wins to four losses, and in the cellar at the moment is the Saddle and Siroin threesome composed of Al Renier, Abe Santoire and Jerry Mitchell. This group has one win to five losses.

### TOMORROW NIGHT

Lee Bering's will meet the Palm Springs Music while the two neighboring eateries, Canyon Cafe and Saddle and Siroin will try to cook each other's goose in the third round of the league.

Friday night the Jaycees will wind up their league play with a tight tussle for top spot. At present the Split Chasers stand in the lead with 64 wins, 32 losses, followed closely by the Five Stars 62-34. The Filthy Five have 36-60 for the night followed by the Rinkydinks 30-66.

## Salton Sea Seeks Lure for Mullet

Mullet gotta eat so Roy Hunter of Desert Beach on Salton Sea is confident that there must be some bait available to lure them to the hook. He has offered \$100 to the first person to devise an efficient mullet lure.

The catch is, said Hunter, that mullet are believed to be exclusively a vegetarian fish.

"But they must eat—so why can't some lure be devised to imitate their natural food? But it will have to be a lure that a fisherman can use on his hook or plug form. Snagging doesn't count," Hunter said.

### Argument Paves Path to Court

William Schindler, 21, arrested Sunday night at the entrance of a downtown nite spot on charges of fighting, said to have been with a woman, was released on \$100 bail that night, which amount he posted.

Yesterday before Judge Eugene Theriault he was given until today to enter a plea as the case was continued.

some much-needed civic improvements.

**IT IS ON THIS BASIS** of Village cooperation that the chamber now feels itself ready to be able to do a good job in coordination of future events and in so doing, render a double service—give the visitors to Palm Springs a high type of continual entertainment during their stay here and assist the general business of the Village by the promoting and scheduling of events during slack periods.

Some persons can speak, see, and hear while sleep-walking, according to the Encyclopaedia Britannica.
